

**Title:** Alumni for Sustainable Development Goals

**Teaser:** The special web talk series 'Alumni for SDG' showcases important and relevant topics of the Sustainable Development Goals. It is brought to you by DAAD alumni from the South Asia region which includes India, Bangladesh, Bhutan, Nepal, and Sri Lanka as well from Southeast Asia region namely Indonesia, Malaysia, Singapore, Vietnam, and Timor Leste. The alumni groups and networks from these regions will present their research work in select SDGs to share it with a wider audience through good practice examples.

**Main Body:** The DAAD Regional Offices in New Delhi and Jakarta would like to invite you to participate by submitting your entry for the international Web Talk Series under the Sustainable Development Goals (SDGs) - 2023.

**This year's web talk series will address the following SDGs:**

- a. SDG 3 - Good Health and Well-Being (24<sup>th</sup> – 25<sup>th</sup> May 2023)
- b. SDG 14 - Life Below Water (23<sup>rd</sup> – 24<sup>th</sup> August 2023)
- c. SDG 7 - Affordable and Clean Energy (15<sup>th</sup> – 16<sup>th</sup> November 2023)

**Who can submit proposals:**

Former scholarship holders of the German Academic Exchange Service (DAAD) and Alexander von Humboldt Foundation (AvH) from South Asia region (India, Bangladesh, Bhutan, Nepal, and Sri Lanka) as well as from Southeast Asia region (Indonesia, Malaysia, Singapore, Vietnam, and Timor Leste) can apply.

**To participate with your entry submission, please take the following survey by clicking on the link below:**

As catalysts working towards finding solutions to global challenges, the alumni network paves the way in science, research, technology, and academic excellence.

The Alumni for SDG aims to facilitate popular science amongst the networks and beyond, thereby intensifying and facilitating exchange of ideas and initiate a dialogue in a particular SDG field through relevant research being conducted. The main objective is to give back to society as bridge builders between South Asia, Southeast Asia, and Germany by strengthening subject-specific alumni groups within the regions.

**SDG 3 - Good Health and Well-Being:** Achieving SDG 3 - Ending Poverty and Reducing Inequalities will require universal health coverage.

**SDG 14 - Life Below Water:** Achieving SDG 14 - Improving conservation and the sustainable use of resources derived from the ocean.

**SDG 7 - Affordable and Clean Energy:** Achieving SDG 7 - Investing in thermal, wind, and solar power will lead to cleaner and more efficient energy necessary for healthy and sustainable environment.
