

Germany - India

Academic Mobility & Cooperation 2022

DAAD provides information about higher education and research in Germany. It administers a large variety of scholarships for outstanding scholars, post-docs, faculty and senior researchers from both India and Germany. It also offers a wide range of institutional and cooperation based funding programmes.

Subjects preferred by Indian students

The “Strategy 2025” defines three overarching goals which shall shape the activities of the DAAD in the coming years:

1

Promote excellence and broaden perspectives of education and science through international exchange.

2

Enhance international collaboration for the benefit of science, industry and society.

3

Assume global responsibility and contribute to development and peace.

455
